CIVIL WAR IN BELFAST HAS REACHED CLIMAX

GUNMEN GANGS FIGHT IN STREETS 31 DEAD IN WEEK

TWENTY FIRES IN VARIOUS PARTS OF THE CITY DURING FIGHTING

TRENCHES DUG ACROSS STREETS; MANY ARRESTS MADE; ARMS ARE CONFISCATED

(By United Press.)
Belfast, May 27.—With 31 dead in a week's fighting in Belfast, the civil war between Sinn Feiners and protestants reached a fierce climax during the night.

Twenty fires made the sky a blood red canopy beneath which gunmen fought in the streets.

Rumblings of flames, the rattle of rifles, and the clank of the fire brigades made a grim symphony for the bloody tragedy. Frequent bomb explosions added to the terror of the night. This morning the firemen were exhausted and it was doubtful whether they could continue and fight against the arson squads.

The death list was brought up to 31 by the killing of two persons by snipers early today. Many were wounded.

Police saved many houses in the war zone, and confiscated rifles and ammunition found in some, which were being used by rival factions.

In parts of the city trenches were dug across the street by the inhabitants who guarded them all night determined to prevent gunmen from invading the neighborhood.

Arson squads worked with precision and desperation.

Residents of buildings marked for destruction were given a short time to vacate while petrol was sprinkled through the rooms. When a torch was applied bombs were cast into the building to insure demolition.

While this work was going on armed guards stood ready to repulse any attempt to interfere.

Sheriff squads were secured at several places where advance notice of the attack had been received, and the arson squads were greeted with bullets.

Arson Squads Operate in Daylight

Belfast, May 27.—Arson squads in the war between Sinn Feiners and protestants carried on their operations in the broad daylight today.

Following a night of terror during which the sky was crimsoned by scores of incendiary flames, the fire bugs today captured and fired a warehouse and factory. A constable and civilian by the name of Robert Grainey was shot and killed this afternoon, bringing the total dead for the week to 33.

Captain Murphy and four special detectives were wounded in a revolver attack on the Jonesborough barracks at Armagh.

ANNUAL INTER- SCHOLASTIC FIELD MEET HELD TODAY

ON LAIRD FIELD, NORTHFIELD— ADVANCE DOPE ON PROBABLE WINNERS

(By United Press.)
Northfield, Minn., May 27.—More than a score of high schools were reported here today in the 21st annual interscholastic field meet on Laird field under the auspices of Carleton College. The West High of Minneapolis has not been defeated in group T in the past three years and is looked upon as the probable winner of first honors today. West appears to have a clear edge in this class.

In Group I Mankato and Winona are sure to fight hard for the cup, but as yet the doping is hard. Winona won in this class last year and then took first in the Hamline relays. Mankato took second last year here and this year won first in the university games last Friday. There are more entries in both groups this year than ever before and larger crowds were on hand this morning as the teams gathered for the fray.

AND FINED \$200 FOR ATTACKING UMPIRE—BABE NOT WORRYING

(By United Press.)
Washington, May 27.—Babe Ruth, repentant but unworried because of the action of President Ban Johnson in deposing him as captain of the Yanks and fining him \$200 for losing his temper at the Polo grounds Thursday, was to get back in the game here today.

"I am sorry I lost my temper," said the swat king, "but I am not worrying about losing the captaincy. This captain business never got me anywhere anyway. I am through worrying now. The only thing I want to do is to play ball and do my best to beat my home run record of last year."

Ruth said he didn't know who would succeed him as captain, and Miller Huggins early today said he had not reached a decision.

The millionaire son of the "Bread King" is expected to supply the bail within a few hours. THOUSANDS WATCH CREW CLEAR LAND

MUCH INTEREST AROUSED BY EX- PERTS WHO PREPARE NORTH- ERN SOIL FOR CROPS

An active land-clearing association in every county.

Seventy-five hundred acres of land to be cleared in Crow Wing county in the next twelve months.

Ten thousand acres to be cleared in Aitkin county in the same period.

Other thousands of acres to be put under the plow in other counties.

From 1,000 to 1,500 farmers attending a land-clearing demonstration at Brainerd last Monday.

Fifteen hundred at a similar demonstration on Tuesday at Aitkin.

Other hundreds and thousand at Remer on Thursday and at Walker Saturday.

In the foregoing are seen a few of the reasons why the men of the University of Minnesota who are with the land-clearing train now operating in Northern Minnesota, say that the development of Northern Minnesota is going forward with a rush.

The university men, who are co-operating with the land-clearing associations of the various counties, and are being assisted by representatives of several manufacturing companies which put out land-clearing implements, do not mean to say that Northern Minnesota is going to be made over into a self-sufficient farming country in a day.

Development Gaining Rapidly
Nevertheless the movement toward the development of the resources of the state's northern agricultural lands is gaining momentum rapidly, and the flow of prosperity from and into the cut-over region is sure to increase greatly within the next few years.

The government has allotted to Minnesota this year seventy-five carloads of picric acid, a war explosive which is a most effective stump-lifter. Of this, eleven carloads already have been taken and it is expected that the present campaign of land-clearing demonstrations will create a demand for a large part of the remainder.

Picric Acid Used Chieflly

The demonstration being given by the university men, headed by William Boss, chief of the division of farm engineering at University Farm, St. Paul; M. J. Thompson, head of the Northwest Agricultural Experiment station at Duluth, and A. J. Schwantes, a land-clearing specialist under Mr. Boss, are given mostly with the use of picric acid.

However, other phases of the work are shown by implement men. They demonstrate stump-pullers, brush mowers, tractors and breaking plans.

To stimulate the development further, the university has made arrangements for a ten days' land-clearing course, to be given at the Northwest Experiment station at Duluth, June 14 to 23. The cost for the ten days' course need not much exceed \$14, in addition to the railroad fare. Those who are interested should write to A. V. Storm, University Farm, St. Paul, Minn.

SENSATIONAL EXPO- SURES EXPECTED IN WAR GRAFT CASES

ACCORDING TO WORD THAT IS GO- ING AROUND IN CONGRES- SIONAL CIRCLES

(By United Press.)
Washington, May 27.—Sensational exposures involving former high government officials will be made soon in connection with the alleged war grafts according to word that was going the rounds in republican ranks in congress today.

In both the senate and house corridors the "tip" was passed among the majority of members that "political attacks" on Attorney General Daugherty will be answered by drastic action.

As one house republican—a close friend of Daugherty put it—the lid is about to be blown off this war graft thing and the mess that will be revealed to view will not make a pleasant sight for some of those who have been so viciously assailing the present administration.

3,000 POPPIES TO BE SOLD HERE

Brainerd Girls Will Volunteer to Do the Work, Harry Molgren is Committee Chairman

MACNIDER'S MESSAGE IS GIVEN

Honor Gallant Men Who Fought and Died for Us, By Wearing the Poppy

Harry Molgren, chairman of the American Legion Poppy Day committee met with the American Legion Auxiliary committee composed of Miss Juel O'Brien, Mrs. R. E. Bemmels, and Miss Bertha Mahlum. Final arrangements were made for the Poppy Day sale which will be held by the American Legion on Monday, May 29th.

3000 poppies will be sold that day on the streets of Brainerd by Brainerd girls who will volunteer to do the work. Everyone will be solicited to buy a poppy in remembrance of the boys who gave their lives in Flanders fields.

Commander Hanford MacNider has sent out the following referring to Memorial Day to all Legion Posts in the United States:

"Each Memorial Day through the past years we have watched the column of gallant men pass by—proudly bearing their battle flags, rifles swirling, drums rolling—through the streets of the old town. A quiver has run up our backs, we've stepped a little brisker, our chests out a bit further even though our eyes dimmed for a minute after they had passed. These men marching reverently, proudly to do honor to their fallen comrades, have reminded us that we had many things to be proud and grateful for—that we were citizens of the United States of America and that these men had handed down to us a free nation.

"To us, fellow Legionnaires, this glorious day is a direct inheritance, not only as Americans, but as veterans of a war fought victoriously for a righteous cause and a better world.

"Each man and woman whom we honor on this day won the war for us. Their part may have been small and unsung, but to all of them equal honor is due. They gave their all. And as we line up with our Post, in our old regimentals—the proudest raiment any American can ever wear, the uniform of our country—think of those buddies who did not come back, of their mothers and fathers who are watching you, grateful for this little tribute to their boys—our comrades who gave their lives, that we might enjoy the citizenship of this nation. "Dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion!"

So on Memorial Day honor these gallant men by wearing a poppy. There will be no set price for poppies but as they are rather expensive to make it is requested that no donation be less than ten cents.

"Jock" Dryburgh in Charge of Contests at Brainerd Country Club Ground, No Handicaps Given

A blind bogey contest for men and a putting contest for the ladies will be staged at the Brainerd Country club golfing grounds on next Tuesday afternoon, commencing shortly after lunch. It is hoped to have 25 men enter their event. An entry fee of 25c will be charged them and a prize will be awarded.

"Jock" Dryburgh, golf instructor, will be in charge of the events. There will be no handicaps, everybody playing from scratch.

The club has its new mower, a horse drawn triplex, at work on the grounds. All grass will be mowed short. A five ton roller is also used.

The ladies had a meeting Saturday and decided to build a temporary club house next week. Their building fund was enriched by about \$250 from a recent social function. Committees have been named for the building program.

MEMORIAL DAY

Attention Ex-Service Men, Question of Uniform Being Considered

(Contributed)

Doubtless all ex-service men feel it their duty to be in the parade on Memorial Day. But the question of wearing the uniform is causing them thought. The committee on arrangements for the day suggests that all men whose uniforms are in such condition that they may be worn, wear them on this day when we pay our tribute of respect to our dead comrades. Those, our comrades who fell, wore the uniform and in nobly dying brought honor to the uniform they wore. And however much one may dislike display, nevertheless it is fitting that one who served wear the uniform as a tribute of respect for those who died while wearing the uniform of the United States Army.

Those whose uniforms are not in such condition that they would wish to wear them may purchase uniforms cheaply from the Frank & James store. And if this is not possible, such men are requested to wear their Victory medals.

The committee consisting of representatives of the various organizations of ex-service men, hopes to see a large number of comrades in the parade. The members of the G. A. R. have expressed the wish that uniforms be worn, and that if this cannot be done, victory medals be worn.

Above everything else the committee desires the men to remember that their marching, while it may be embarrassing to those who march, is nevertheless a tribute of respect to their comrades who fell. Am putting personal feelings aside ex-soldiers will be present to do honor to those who died.

SEEKING TO DELAY TARIFF BILL

THE WISDOM of Congress in refusing to adopt the policy of inviting or permitting heads of departments to occupy seats on the floor of the Senate and House, address those bodies on measures pertaining to their departments, and to answer questions propounded to them, is emphasized by the present filibuster on the tariff bill. If it were permissible for members of Congress to call heads of departments upon the floor and interrogate them regarding the affairs of their departments, the Democrats in the Senate who are now resorting to every recourse in order to kill time would compel the Republicans to consume much of that time by calling members of the Cabinet to the daily sessions, where they would be asked to explain orally and in detail all the various activities of their departments.

As at present practiced, members of the Cabinet and heads of bureaus and commissions are called before committees of Congress, where they make their statements and are subjected to interrogatory, which statements and answers to questions are taken down by stenographers and the report of the hearing printed for the benefit of every member of Congress. Thus there may be a half a dozen or more hearings in progress at once with all of the testimony made a matter of record so that the time of the full sessions of Congress is not taken up as would be the case if the head of each department attended the sessions and made addresses on every subject appertaining to his department.

Congress has consistently rejected the suggestion every time it has been presented.

DEMOCRATIC IMAGINATION

ONLY the twist of a Democratic imagination could see in the outcome of the primaries in either New York or Indiana a slap at the Harding administration. This is the same type of mind that refuses to credit Republicans with tax reductions actually made, with any substantial economies when retrenchment of billions can be proved, or with any step toward normalcy when everybody knows Liberty Bonds are back to par, living costs are away down, and the outlook for business is of the brightest.

The truth of the matter is that the Democratic campaign chest is as barren of issues as it is of funds, and the leaders of the party are resorting to all sorts of trumped up expedients to cast suspicion on the Republican administration. They are vainly hoping that one of their false concoctions will appear plausible enough to catch the public attention and win a few votes in November.

BUYING ABROAD

DURING the first quarter of the current year British exports of cotton piece goods totaled 895,000,000 square yards. The exports to the United States totaled 32,000,000 yards, compared with 12,000,000 yards for the first quarter of 1913, an increase over the pre-war average of 167 per cent. This is being done under the Democratic tariff law. Our imports from England are chiefly high grade piece-dyed goods.

SOLDIERS' BONUS BOARD TO QUIT

THE MINNESOTA Soldiers' Bonus Board will legally pass out of existence at midnight on June 30 next. The board was authorized by an act passed at the special session of the Legislature in 1919, which permitted its functioning until June 30, 1922. Since that time and up to date the board has received 117,996 applications for claims from former soldiers, and payments during the same period amounted to \$22,250,000, according to the report of the executive officer of the board.

UNITED STATES Senator Frank B. Kellogg will have to bear the brunt of the campaign this year. It is conceded that Gov. Preus and the balance of the Republican convention ticket have a cinch, and both the Democrats and the Nonpartisan League are centering their attacks on Kellogg, the "Trust Buster."

THE TEN-THOUSAND LAKES ASSOCIATION of Minnesota is extensively advertising the state throughout the country, and this advertising is attracting thousands of people to our lakes and forests every summer. Minnesota is becoming better known as the "playground of the nation."

THE UNEXPECTED entrance of Thos. J. Meighen of Preston county as a candidate for the Democratic nomination for United States Senator is thought to be for the purpose of securing control of the state organization for presidential campaign purposes two years hence.

ONLY THE Republican and the Democratic state tickets will figure in the June primaries. The Farmer-Labor candidates are without opposition and will not be listed. The number of candidate filings for all offices is the largest ever known in the history of the state.

AT THE present time a million and a half Russians are under arms and another million and a half are starving to death. After the latter million and a half have died, the soldiers may have to go to work for a living.

REPRESENTATIVE STEENERSON, of Minnesota, has proposed an amendment to the immigration law which would except farmer immigrants from the three per cent restriction.

It is estimated that the American soda water bill this year will reach \$1,000,000. Another proof that our people are not suffering financial reverses.

Flag Etiquette

Flag etiquette, explained in the May 19th issue of The American Legion Weekly, contains the following points which should be observed when using the Stars and Stripes as the nation's emblem at public functions and in the home:

In the horizontal position drape the flag with the starry field at the upper left. In the vertical position drape the flag with the starry field at the upper right hand corner.

No other flag should be hoisted above the national colors except the white triangle and blue cross of the church pennant, which is allowed to fly at the masthead above the Stars and Stripes when religious services are in progress in a military chapel or aboard a ship of the Navy.

Don't let the flag drag in the dust, even at unveilings.

Don't use the flag as a tablecloth. A Bible may rest on it. Nothing else.

Before the flag is half-masted, and again before it is hauled down, it should be run to the masthead.

When draping the American flag with that of one of the Allies or with the banner of an organization, place the national colors at the onlooker's right.

When carried with other flags in a parade, the American Flag claims the place of honor—at the right.

Don't drape the flag below the seats of a platform or twist it into fantastic designs. Use bunting for the trick stuff.

RULES IN BRIEF

The man who is in uniform salutes in military style when the flag goes by, but when in "civvies" the best form is to take off the hat and hold it against the left shoulder.

In draping the colors the simplest rule to remember is that the Stars and Stripes always claim the place of honor, the forefront, the right or the highest elevation. Another rule is that the colors should never be allowed to touch the ground or the deck. On Memorial Day run the flag to the top of the mast; then half-mast it until noon. From noon until sunset let it fly from the top of the staff.

DON'TS

Don't sew the flag into a sofa pillow.
Don't use it as a silk handkerchief.
Don't twist it into fantastic designs.
Don't use it in any form of advertising.
Don't let it drag in the dust in handling it.

A. J. HAYES PRESIDES AT BANKERS, MEET

Seventy-five Bankers at 19th Annual Convention of Sixth District Group of Bankers

THE COMMITTEES ARE NAMED
R. J. Tinkelpaugh on Resolutions Committee, Great Lakes Tidewater Project Discussed

Seventy-five bankers attended the 19th annual convention of the Sixth group of the Minnesota Bankers' association meeting in Little Falls on Friday. The meeting was called to order by President A. J. Hayes, cashier of the First National bank of Brainerd.

C. Rosenmeier welcomed the visitors. William Rodman, vice president of the First National bank of Eagle Bend, responded for the visiting bankers. Secretary L. E. Perkins of the First National bank of Verndale read his report and greetings from the state association were extended by President J. J. Ponsford, vice president of the State bank of Watertown.

On the committees named, R. J. Tinkelpaugh, cashier of the Citizens State bank of Brainerd, was put on the resolutions committee.

G. G. Glick of Duluth discussed the Great Lakes and St. Lawrence Tidewater project. He stated that the project would effect a saving of 5 cents a bushel on shipments of wheat from North Dakota and Minnesota and that on each ton shipped out of Duluth through the canal from Buffalo to New York there is a cost of \$3.20. With the project in effect it would only cost \$1, thus making a saving of \$2.20 per ton. He scored New York roundly for her attitude taken against the project.

The Juvenile band played selections.

In the afternoon F. P. Fellows, vice president of the Capital Trust & Savings bank of St. Paul, spoke on the revision and codification of the banking laws of the state.

G. H. Richards, secretary of the Minnesota Bankers Association, spoke on "Taxation of the Shares of National Banks". R. B. Rathbun, State Superintendent of Banks, also spoke.

A banquet was given the bankers at the Buckman hotel in the evening.

These officers were elected:

W. L. Cary of St. Cloud elected president.

L. E. Perkins of Verndale, vice-president.

R. J. Tinkelpaugh and J. P. Martin of Little Falls appointed on executive committee.

A. H. Colvey of Swanville appointed secretary-treasurer.

KEATING VS THE INLAND STEEL CO.

Judge C. W. Stanton of District Court Permits Jury to View Mining Grounds

MEN ON RANGE IN MORNING
Arguments Made by Counsel in the Afternoon, Case Goes to Jury Late in Afternoon

In the \$200,000 mining case of Thomas Keating vs the Inland Steel Company, being tried before Judge C. W. Stanton in the district court, the taking of testimony has been concluded. The Saturday session started at 8 o'clock in the morning. About 9 o'clock the court permitted the jury, in custody of the sheriff, to make the trip by automobile to Crosby and the range country, there to view the mining property whose operation was the base of contention in the suit brought.

Arguments will be made by counsel Saturday afternoon and it is expected to finish the case by evening.

The witnesses last introduced by the plaintiff included R. E. Ober, mining engineer of Ironton; Charles Mathews, Mike Heglund, C. J. O'Connell of Minneapolis, D. A. McBride, Morris J. Healey of St. Paul, one of the fee owners.

The defense besides George H. Crosby of Duluth, had on the stand R. L. Wahl, Dave Cushing, Edward J. Webb, C. A. Cheney of Tulsa, Oklahoma, fee owners' agent at dump and pit. Testimony was introduced attempting to show he was agent for all fee owners, and a letter was introduced showing he was so appointed by George H. Crosby, one of the fee owners, which latter was denied by Keating.

Other defense witnesses included Gerhard Gunderson of Duluth, foreman of washing plant; Ernest L. Larson, who served in same capacity; W. F. Slaughter, mining engineer of Rixerton; Carl Zapffe, geologist of Brainerd; B. Magoffin, Jr., of Deerwood; D. B. Thompson, assistant to president of the Inland Steel company of Chicago; Harry Middlebrook an engineer of George H. Crosby; Fred Loerch, assayer, of Virginia; N. B. Roscorla, mining captain and fee owner's agent; T. M. Ostrand, fee owners' agent of Crosby, Keating and Healey, but the latter two, Keating and Healey, denying he was their agent; Edmund Newton of New York, mining engineer, who was in charge of the Minnesota Experiment station at the School of Mines and had tested and analyzed samples for Keating and Healey; J. S. Lutes of Duluth, general manager operations of the Tod Stambaugh properties.

The defendant then rested. In rebuttal the plaintiff put on D. S. Bame, R. E. Ober, Morris Healey and Thomas Keating.

The plaintiff seeks to recover \$200,000 or more damages, claiming the property was not properly mined, that good ore was wasted and that the mine was left in bad condition.

Attorneys for the plaintiff are Grace, Fridley & Crawford of Superior, Wis., and Ryan & Ryan of Brainerd. For the defendant are Abbott, McPherran, Doan & Gilbert of Duluth and Alderman & Clark of Brainerd.

Close to Realities

Few occupations demand as strict an adherence to duty as railroading.

Whether engineer, inspector, or shopman, no railroading man can ever forget that upon his care and vigilance depend not only his own life but the lives of others as well.

Being always close to realities must help one realize the importance of saving. Many railroad men living in Brainerd are building reserve accounts here. Are you?

AMUSEMENTS

Hoot Gibson in "The Bearcat"

As a two-gun "bad man" "The Bearcat," alias "The Singin' Kid," turned out to be an awful oil can! He could shoot 'em. Sure he could. He said so himself. Loudly. Melodiously. With rhyming verses and plenty of 'em.

But when it came to a showdown, he always shot the right man and never the wrong one. Which isn't Hoyle's specifications for a bad man's regular conduct.

Hoot Gibson in "ACTION"
IT'S A UNIVERSAL

Starting with that and including a lot more, "The Bearcat," Universal's offering at the Lyceum theatre tonight, starring Hoot Gibson, will present both comedy and drama. There ought to be a world of comedy in the situation of a man singing about how mean he was and failing to live up to the song!

Eugene O'Brien in "Gilded Lies"

More cunning than the coyote, more treacherous than the wolf, and more dangerous than the crashing ice floes, Keene McComb, a young arctic explorer, found Martin Ward, the blackmailing sharper who had married Hester Thorpe, his fiancée, and the keen battle of wits between the two men constitute the story of "Gilded Lies," the picture which comes to the Lyceum theatre Sunday.

With Eugene O'Brien in the stellar role, which gives him an opportunity to display his skill in depicting a wide range of emotions from that of a desperate primitive man, fighting to save his life and honor, this picture is one which promises satisfactory entertainment to every member of the family.

Wm. S. Hart Coming in "The Whistle"

If human interest is the most essential thing in a photodramatic offering, then William S. Hart's newest

production for Paramount, "The Whistle," which comes to the Lyceum theatre next Monday and Tuesday, fulfills all requirements.

Written by May Wilmoth and Olin Lyman, it was scenarized and directed by Lambert Hillyer. It presents the famous star as a factory worker, a man of blood and steel, a man whose heart is hardened when a mercenary employer refuses to safeguard the shattering in a great factory, resulting in the death of the only son of the man, Robert Evans, played by Hart.

Anita Stewart in "A Question of Honor"

Anita Stewart's admirers have renewed cause for upholding their favorite in the presentation of "A Question of Honor," the first National attraction that will be shown at the New Park Sunday only. The star has succeeded in giving a story of a society girl an amazing twist. This is

Anita Stewart
in "A Question of Honor"

perhaps to be expected in an adaptation of a Ruth Cross novel; and still it is questionable if any one but Miss Stewart could have made the character as distinctly individual as she has done. She has taken the role of Anne Wilmoth and draped it in the gorgeous freedom of the West and crystalized it in an emboldened spirit of womanhood.

"The Last Chance"

Local movie fans will be given an opportunity of seeing their favorite, Franklyn Farnum, in his latest picture, "The Last Chance," at the New Park for the last time tonight.

Mr. Farnum is given countless chances to prove his prowess and skill as an actor and a horseman. "The Last Chance" was produced under the personal supervision of Colonel William N. Selig, at the Selig Studios in Los Angeles.

A large company of well known and popular players support Franklyn Farnum. The star is at his best in this picture.

MISS MCCORMICK'S SWISS FRIEND LEAVES COUNTRY

(By United Press.)
Chicago, May 27.—Mathilde McCormick, 17-year-old fiancée of Max Oser, parted company with Julia Mangold, close friend of the Swiss riding master.

Miss Mangold and Mathilde have been inseparable companions since the granddaughter of John D. Rockefeller returned to America from Zurich last autumn to obtain the consent of her family to her marriage to Oser.

Miss Mangold was formerly a book-keeper in employ of the Swiss stable man.

She left for New York today planning to return to her home in Switzerland alone. Previously she and Miss McCormick had planned to go back together for the wedding.

Parting of the two girls gave additional impetus to reports that Miss McCormick's wedding would be long

deferred. It was originally planned for June.

Which Will Your Wife Prefer?

HERE are two ways of handling your insurance money: Either make it payable to your wife in a lump sum, making her responsible for its safe investment; or arrange to have it handled by an experienced Trust Company, which will invest the money and see that the income is paid to her regularly, with installments of principal if needed.

Which will she prefer?

Surely she does not want all the financial cares that money entails. What she wants is a regular, certain income. If you can provide that without subjecting her to worry over the principal, you will be doing her a real service.

The "W-D" Life Insurance Trust not only will relieve your wife from these investment cares—it will also safeguard the funds themselves.
